Allied Healthcare Professionals Module

Allied health professionals (AHPs) are key members of today's multidisciplinary healthcare team. They work in partnership with health and social care colleagues across primary, secondary care and social care as well as in the independent and voluntary sectors. They operate in a range of surroundings including hospitals, people's homes, clinics, surgeries and schools. This module contains accurate contact details for AHPs working in the areas of dietetics, perfusion, physiotherapy and podiatry.

Binleysonline is updated daily and the contents of the *Allied Healthcare Professionals Module* are 100% verified every 12 months.
