

Database of NHS Commissioning is an accurate means to communicate with NHS commissioning organisations and personnel across the UK.

All information within the database is regularly primary source verified and updated by our specialist team of researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

The data can be segmented to enable targeting of campaigns by:

- Commissioning area
- CCG or commissioning support unit
- Job responsibility
- Organisation type

**NOTES:** It is common for contacts to have more than one responsibility. It follows therefore that there will be fewer named individuals on the database than there are areas of responsibility indicated above. Numbers of contacts will vary during the research cycle due to organisational changes. Counts were correct at time of publishing; **September 2020**.
