

Database of NHS Estates and Facilities Management

The NHS has a huge property portfolio, making estates and facilities managers a very important part of the management team.

Database of NHS Estates & Facilities Management comprises key decision makers who have budgetary control for procuring a vast range of estates and facilities products and services.

All information within the database is regularly primary source verified and updated by our specialist team of researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

The data can be segmented to enable targeting of campaigns by:

- Job responsibility
- Organisation type
- Region
