

Database of NHS Management

Database of NHS Management provides you with the most up-to-date who's who in NHS Management.

All information within the database is regularly primary source verified and updated by our specialist team of researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant

The data can be segmented to enable targeting of campaigns by:

- Clinical services
- Directorate services
- Job responsibility
- Organisation type
- Regional team
