

# Database of Commissioners, Payers and Influencers

Database of Commissioners, Payers and Influencers predominantly focuses on primary care commissioning but also includes key influencers from secondary care, social care and public health whose roles are integrated into the commissioning-led model.

All information within the database is regularly primary source verified and updated by our specialist team of researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

## Database contents

There are 33,535 named individuals on the database.

**NOTES:** It is common for contacts to have more than one responsibility. It follows therefore that there will be fewer named individuals on the database than there are areas of responsibility indicated above. Numbers of contacts will vary during the research cycle due to organisational changes. Counts were correct at time of publishing; **November 2021**.
