

Dentistry is the branch of medicine that is involved in the study, diagnosis, prevention and treatment of diseases, disorders and conditions of the mouth, maxillofacial area and the adjacent and associated structures and their impact on the human body. Dentists, together with their supporting team are responsible for providing oral health services.

Database of Dentists contains key budget holders and decision makers with various responsibilities across the UK and Republic of Ireland dental care sector.

All information within the database is regularly primary source verified and updated by our specialist team of researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

Data can be segmented to enable targeting of campaigns by:

- Geographic area
- Job responsibility
- Organisation type

Database contents

There are 35,291 named individuals on the database.

Responsibility/Role	Count
Dental Practice Manager	8,683
Dental Practitioner	29,443

Organisation types:

- Dental Practice

NOTES: It is common for contacts to have more than one responsibility. It follows therefore that there will be fewer named individuals on the database than there are areas of responsibility indicated above. Numbers of contacts will vary during the research cycle due to organisational changes. Counts were correct at time of publishing; **November 2021**.
