

Database of NHS Estates and Facilities Management

The NHS has a huge property portfolio, making estates and facilities managers a very important part of the management team.

Database of NHS Estates & Facilities Management comprises key decision makers who have budgetary control for procuring a vast range of estates and facilities products and services.

All information within the database is regularly primary source verified and updated by our specialist team of researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

The data can be segmented to enable targeting of campaigns by:

- Job responsibility
- Organisation type
- Region

NOTES: It is common for contacts to have more than one responsibility. It follows therefore that there will be fewer named individuals on the database than there are areas of responsibility indicated above. Numbers of contacts will vary during the research cycle due to organisational changes. Counts were correct at time of publishing; **February 2022.**
