

Database of Medical Laboratory Professionals

Medical laboratory professionals are healthcare professionals who work in an analytical or diagnostic capacity in clinical laboratories and research facilities in hospitals. They are constantly under pressure to procure clinically and cost-effective laboratory technology and supplies to deliver patient-centric services.

Our Database of Medical Laboratory Professionals contains key contacts covering various responsibilities and specialties within the medical sciences field.

All information within the database is regularly verified and updated by our specialist team of product researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

The data can be segmented to enable targeting of campaigns by:

- Job responsibility
- NHS organisations
- Private/NHS locations
- Region

Database contents

6,874

Responsibility/Role	Count
Biochemist	167
Biomedical Scientist/MLSO	2,318
Clinical Directors	98
Genetic Counsellor	36
Hospital Doctors	3,610
Laboratory Manager	505

Organisation types:

- Acute or Mental Health Services
- Health Board Scotland
- Health Care Interest Group
- Local Health Board
- Private Consultant
- Private Hospital
- ROI Hospital
- Special Health Authorities

The database covers the following areas of specialty or service areas:

- Bacteriology
- Biochemistry
- Cardiology
- Cardiophysiology
- Chemical Pathology
- Clinical Chemistry
- Clinical Genetics
- Clinical Immunology
- Clinical Pharmacology
- Clinical Physiology
- Cytology
- Cytopathology
- Dermatology
- Dermatopathology
- Endocrinology
- Foetal Medicine
- Gastroenterology
- Gynaecological Clinical Oncology
- Haematology
- Haematology Oncology
- Hepatology
- Histology
- Histopathology
- Imaging
- Immunology
- Immunopathology
- Infectious Diseases
- Infertility
- IVF
- Medical Genetics
- Medical Physics
- Medical Toxicology
- Microbiology
- Molecular Medicine
- Nephrology
- Neuropathology
- Nuclear Medicine
- Oral Microbiology
- Oral Pathology
- Pathology
- Radiology
- Radiotherapy
- Renal
- Respiratory Medicine
- Rheumatology
- Substance Abuse
- Tissue Viability/Wound Care
- Urology
- Vascular
- Virology

Notes: It is common for contacts to have more than one responsibility. It follows therefore that there will be fewer named individuals on the database than there are areas of responsibility indicated above. Numbers of contacts will vary during the research cycle due to organisational changes. Counts were correct at time of publishing; **July 2022**. De duped counts available upon request.
