

Database of Local Government

Local authorities play a vital role in ensuring and promoting services in communities are provided in an efficient, effective and cost-effective way to meet local needs. They play a vital role in Public health and in integrating care services with the local placed based partnerships.

Our Database of Local Government contains full contact details of senior decision-makers working in local authorities in the UK in a role related to health or social care.

All information within the database is regularly verified and updated by our specialist team of product researchers; giving you the quality, targeted data you need and the reassurance that you will be GDPR compliant.

Notes: It is common for contacts to have more than one responsibility. It follows therefore that there will be fewer named individuals on the database than there are areas of responsibility indicated above. Numbers of contacts will vary during the research cycle due to organisational changes. Counts were correct at time of publishing; **July 2022**. De duped counts available upon request.
